Student's birth date _____ Age _____

Last school grade completed _____

Home Church _____

The first four sessions will be using Zoom video meeting technology. You will need to have the latest update of Zoom on the computer or phone that your child will be using in order to participate. The day before each session the Zoom access will be emailed to you (Do not share with others or post online). Please log on before the hour.

We will have materials pickup times two days before the start.

On August 9, our plan is to meet on the church lawn in family groups at least six feet apart. In order to participate, families will need to sign a health check, waiver of liability, and contact information, which will be provided then.

Cost is free. Donations to the church are appreciated.
